## TO THE DENTISTS OF IOWA.

In preparing this report the secretary has found himself confronted by many obstacles. First, there have been five registers used during the existence of the board and there is none today that has all the names of the registered and licensed dentists to date. Again, we do not find that there had been any especial effort made to keep up the changes in address and records of deaths. In cases of the last known address known not to be the present address I have marked *gone*.

We feel confident that some of these have passed away but I have been unable to trace them. During the past two years we have gathered in over fifty men that have been practicing without licenses; without a lawsuit or have I even had any trouble with any one to pay their fee and take the examination.

During this time the board has materially raised the standard of examination. We have instituted this year practical examination in operative dentistry. At the last examination in June we had 50 applicants, 7 failed, 43 passed.

The board are again members of the N. A. D. E. after having lapsed its membership for a number of years. In the future all applicants for examination must hold a diploma from a reputable dental college. The term reputable in this case applies to colleges that maintain a standard of instruction equal to that laid down by the N. A. D. E.

Section 2600-i was so amended by the Thirty-first General Assembly as to provide for recording all licenses with the county clerk in the county in which you practice; also to provide for the renewal of a license in case the holder has failed to have his license legalized by recording same within one year after it was issued.

We wish to call your attention to the "Reciprocity Amendment," which in time will be a great benefit to men that have been in practice for a number of years and find that it is necessary to change location. At present we have only signed exchange agreements with New Jersey and Vermont, but before the year is out

we hope to have a number of other States on our list. The movement is in its infancy but the Iowa Board feel that it is right and hope all States will enact similar laws.

The board has provided a committee on colleges whose business it is to investigate the work done by the various colleges, especially of the State, that the board may better judge the product of the schools that may come before them for examination.

The present report may be full of errors as to addresses but by the co-operation of the dentists of the State the secretary can perfect the list so that the secretary in making his report in two years may be able to give you the correct address of each licensed dentist and tell you the number practicing in the State.

You will notice by referring to the law that all moneys collected are paid into the State treasury and all bills are audited by the executive council and if allowed are paid by State warrants. The board as a unit are striving to raise the standard of dentistry in Iowa.

*To His Excellency, A. B. CUMMINS, Governor of Iowa:*

Pursuant to the provisions of section 2600-h as amended by the Thirty-first General Assembly, I have the honor to submit herewith the first report of the Board of Dental Examiners of Iowa as directed by said General Assembly.

At the annual meeting of the Board in May, Dr. F. H. Rule was elected President, succeeding Dr. F. M. Shriver, the retiring member of the Board. Dr. E. D. Brower was re-elected Secretary for the ensuing year. During the year from July 1, 1905, to July 1, 1906, the Board held two meetings for the examination of applicants for license. The first meeting was held in Des Moines at the Capitol and 17 applicants were present; 16 were granted licenses. At the June meeting 50 applicants presented themselves, 43 were granted licenses and 7 failed. The total number of licenses that have been issued by the Board since 1882 is 2,071, including duplicates and renewals. There are now about 1,400 dentists in practice in the State as near as the secretary is able to ascertain from the records.

The Iowa State Dental Society shall, at the request of the governor, submit a list of dentists of recognized ability, from which he may select the member of the board to be appointed. All vacancies occurring in the board shall be filled in like manner, and the appointee hold office for the unexpired term of his predecessor. All members of the present board shall continue in office under this act until the expiration of their respective terms of office. (28 G. A., Ch. 81, Sec. 2.)

The name, age, nativity, location, number of years of practice of the person to whom license is given, the number of the license and the date of the registration thereof shall be entered in a book kept in the office of the secretary of the board, which shall be open to the inspection of the public, under proper restrictions as to its safekeeping, and the number of the book and page containing such entrance shall be noted on the face of the license. Each applicant for a license shall be a graduate of a reputable dental school, which is recognized as such by the board of dental examiners, and pay to the board a fee of twenty dollars before a license is issued. Nothing herein shall be construed to prevent any surgeons from extracting teeth in the practice of their profession or to prevent bona fide students in dentistry, in the regular course of their instruction, from operating upon patients at clinics, or under the supervision and in the presence of their preceptors, but no fee or salary for such operations shall be received, either directly or indirectly by any such student of dentistry. And nothing herein shall be construed to prohibit the practice of dentistry in this state by any practitioner who has been duly registered in accordance with the laws of Iowa existing prior to the passage of this act; or any person who is a member of an incorporated society or community and practicing dentistry solely for and among the members of such community or incorporated society without charge or compensation. (28 G. A., Ch. 91, Sec. 12.)

SECTION 1. Reciprocity. The board of dental examiners may, without examination, issue license to practice to any dentist who shall have been in legal practice in some other state or territory for a period of at least five years, upon the certificate of the board of dental examiners or a like board of the state or territory in which such dentist was a practitioner; certifying his competency and that he is of good moral character and upon payment of twenty-five dollars (\$25.00). Provided, however, that the state from which any practitioner may come shall have, and maintain, equal standard of laws regulating the practice of dentistry and recognize exchange certificates issued by the board of dental examiners of the state of Iowa.
